

The Institute Lecture Series of Indian Institute of Technology Roorkee, India, presents the

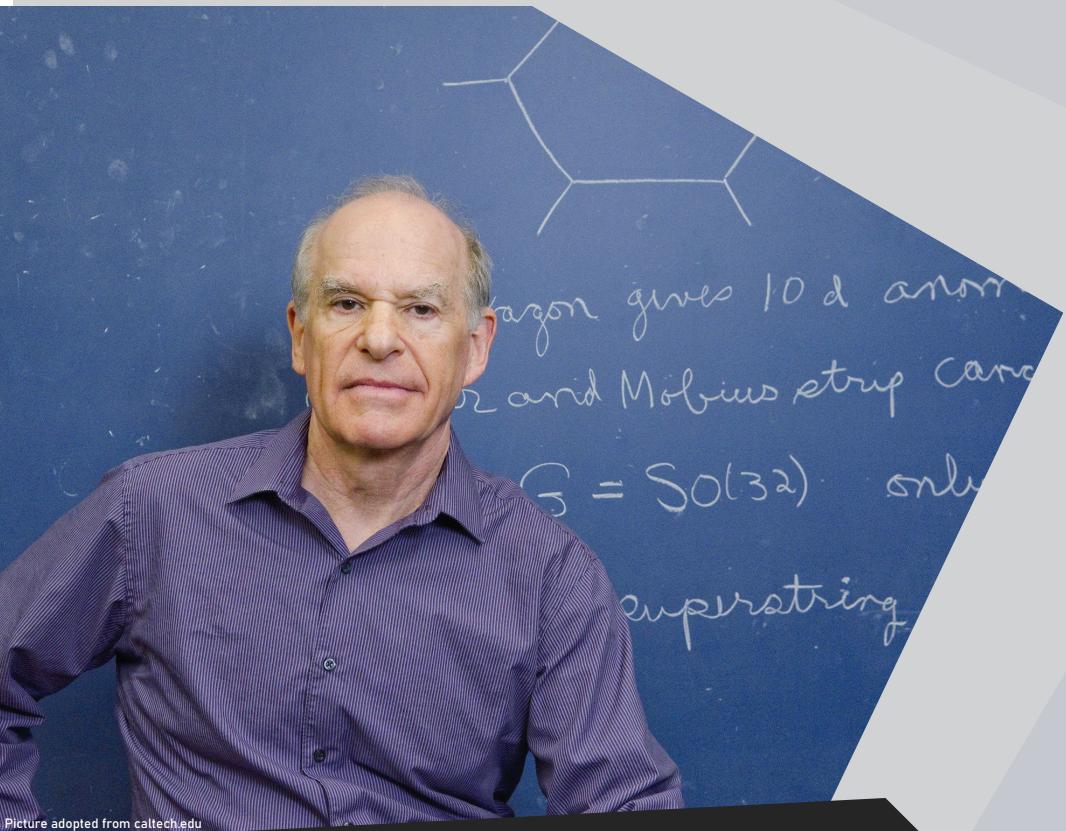

M.O.U. (Mysteries of Universe)

Lecture Series featuring

John Henry Schwarz

Harold Brown Professor of Theoretical Physics at California Institute of Technology (CalTech)

Prof. Schwarz (Dirac Medalist[1989], Fundamental Physics Laureate[2013]) is regarded as one of the founding fathers of Superstring string theory. His work (with Prof. Michael Green) led to the “First Superstring revolution”.
